FEDERAL OFFICERS IN SWIFT CLEAN UP OF WHISKY VILAGE

Liquor Soaked Lumberjacks Nabbed in "Man's Town For Real Men" When Armed Dry Agents Swoop Down on Moonshiners; Raid Ordered by Judge Landis After Law Is Defied and Battle Threatened.

HURLEY, Wis., Dec. 28.—More than 50 federal prohibition agents from Chicago surprised 35 open saloons in Hurley this morning, making many arrests and seizing quantities of liquor of all sorts. The federal agents were armed, but not a shot was fired during the first hour of operations.

The raid followed a wild night in Hurley during which liquor had been sold at bargain rates, ranging from 25 cents for moonshine whisky to 75 cents for well known brands, it was said. Among those arrested were lumberjacks too paralyzed from liquor to realize what was happening.

Deputies Threatened.
Reports had reached prohibition enforcement headquarters at Chicago that prohibition agents would be shot if they attempted to make arrests in Hurley, a lumbering town of about 250.

Although telephone messages from Chicago inquiring whether the raid had been made reached Hurley just ahead of the officers, the saloon men appeared not to have been warned. The liquor men were swept up quickly. Some residents of Hurley said the lumberjacks had concealed some stocks and were believed to have their liquor locked in safes.

The raid was executed rapidly, clearing up most of the accessible places in less than an hour. This morning camp town has been the center of anti-prohibition feeling for several months. Many of the lumberjacks are foreigners.

Battle With Bootleggers.
The prohibition movement toward prohibition broke into flame in a battle here December 3, when prohibition enforcement agents were shot at by bootleggers who had contraband whisky, estimated to be worth \$100,000. One man was killed in the fight and another was wounded.

Since that time, it is said, prohibition agents have avoided Hurley, waiting until completely prepared to make a raid in force.

The whole district in this part of the north woods had been regarded by dry officials as a law defying commune. Reports that chaps had been shot at in the fight and another man was killed in the fight and another was wounded.

Since that time, it is said, prohibition agents have avoided Hurley, waiting until completely prepared to make a raid in force.

Opposition to any enforcement from outside took definite form, however, after the federal agents were shot at by bootleggers who had contraband whisky, estimated to be worth \$100,000. One man was killed in the fight and another was wounded.

It was reported that the bootleggers organized and armed a force that was in the neighborhood of Hurley, waiting until completely prepared to make a raid in force.

500 RADICALS IN U.S. AWAIT DEPORTATION

Sending Of Undesirable Russians Home Resumed By Labor Department.

SENATOR FRANCE SCORES POLICY Urges Opening Channels of Trade To Americans In All Parts of World.

WASHINGTON, D. C., Dec. 28.—Deportation of Russian radicals has been resumed, it was said today at the department of labor.

A number of Russians were started on their way to the Soviet Union last week and another batch of 25 will leave New York in about three weeks. The radicals are sent to the United States by rail into Soviet Russia.

Ludwig G. A. K. Margens, self styled Russian ambassador, will be sent to Russia via Liban.

Although he has been recalled by his government, the expense of his deportation will be paid by the United States.

There are about 500 Russian radicals awaiting deportation at New York and elsewhere.

Senator Francis Pickens, Republican, Maryland, in a statement declared that it is time for our government to forget its prejudices and follow the example of Great Britain by opening up the channels of trade for American citizens in all parts of the world.

Mr. Pickens leaves the country, said Senator Francis Pickens, the Russian people will be without a representative in Great Britain.

Machine Gun Sought to Guard Seized Liquors Valued at \$2,000,000

SAN FRANCISCO, Calif., Dec. 28.—Pursuant to a machine gun to guard intoxicating liquor seized and held here by federal authorities, it was announced, following inspection of vaults where the liquor was stored.

Collector of customs John O. Davis said the liquor was valued at more than \$2,000,000. Fear that the crime wave now reported in the east may spread to the Pacific coast has prompted the proposed recommendation for a machine gun, Davis said.
